

Economist– EU funded projects

Vacancy code: BE26604

Background: Economics, Mathematics, Business Administration or any other relevant fields

Location: Chalandri, Athens

Job type: Permanent, full-time position

The position requires residence in Athens and the selection process takes place only in person in Athens. Applicants are expected to be personally present in our offices during the selection process.

PROMEA is a strategic partner for European public administrations, knowledge organisations, economic actors, and civil society stakeholders. Our key focus areas of work include policy adaptation to climate change, innovation, transformative investment policies, competitiveness, inclusion, environmental awareness, and vocational training on climate crisis policies. PROMEA conceives, develops and coordinates the implementation of European projects to address these challenges, linking knowledge, policy, training and business organisation.

Job description:

- Conduct quantitative and qualitative research, prepare and analyse case studies, surveys, market assessments, and policy benchmarking related to energy and economic policies.
- Convey complex economic findings and policy evidence into concise, well-structured reports for decision-makers and stakeholders.
- Oversee and support the execution of the projects' budgets ensuring alignment with funding programs' requirements.

Candidate profile:

- University degree in Economics, Mathematics, Business Administration or any other relevant fields.
- Excellent drafting skills in English.
- Strong Excel user.
- At least **3 years of proven relevant work experience**.
- Proven ability to conduct research, carry out analysis and draft reports relevant to the **economics of energy**.

Offered:

- Indicative salary range: 1,200-2,300 €. Individual salary offers will be based on individual candidates' curricula, skills, and relevant experience.
- Benefits and bonuses are available based on performance and achievements.
- Substantial learning, personal growth and career development opportunities within the organisation.
- Opportunity to work with (and learn from) experienced senior colleagues and cutting-edge knowledge organisations and businesses from across Europe.

Please note that only shortlisted candidates will be contacted.
